Sir:

This is a petition for supervisory review under 37 C.F.R. § 1.181 of the Official Filing Receipt mailed on conferring a filing date of August 28, 2009. Applicant respectfully submit that the application was complete as of July 18, 2008 and as such should be granted a date of complete of the requirements of 35 U.S.C. § 371(c) of July 18, 2007.

## FACTS

1. On May 4, 2006 Applicant filed
  - a. the national fee,
  - b. a copy of the international application, PCT/EP04/12556, in German having an International Filing date of November 4, 2004
  - c. an oath of the inventors, the same inventors listed in the international application,
  - d. an abstract, specification and claims, and
  - e. A power of Attorney
2. On July 18, 2007 Applicant filed, and the USPTO accepted:
  - A. A certified English translation of the International Application, including the specification, claims, abstract and drawings.
  - B. A copy of the International Preliminary Examination Report
  - C. Preliminary amendmentsSee stamped postcard (Appendix A)
3. On October 9, 2007, a Notice of Acceptance of Application under 35 U.S.C § 371 and 37 C.F.R. § 1.495 was mailed listing July 18, 2007 as the date of receipt of 35 U.S.C. § 371(c)(1), (c)(2) and (c)(4) requirements and the date of completion of all 35 U.S.C. § 371 requirements. Appendix C.
4. On January 25, 2008 A Notice of Abandonment was mailed. The Notice indicated no reply was received to the Notice to File Missing Parts mailed on January 18, 2007.
5. On February 21, 2008 Applicant filed a petition to withdraw the holding of abandonment under 37 C.F.R. § 1.181(a) and response to notice of missing parts of application.

Included with the petition was a copy of postcard stamped July 18, 2007 (Appendix A) and a copy of the October 9, 2007, Notice of Acceptance of Application under 35 U.S.C § 371 and 37 C.F.R. § 1.495 (Appendix C).

6. On April 30, 2008 a Decision to Grant the February 21, 2008 petition was mailed. However, the decision stated:

A review of the application file reveals that an English translation of the international application was incomplete. While the description of the international application was provided, an English translation of Claims 1-68 is not found among the papers filed on 18 July 2007 in response to the Notification of Missing Requirements.

The Notification of Abandonment erroneously indicated that applicant had failed to respond to the 905 within the time period set forth therein and is hereby VACATED. Rather, an incomplete response to the Notification of Missing Requirements was submitted.

A Notification of Defective Response (Form *PCT/DO/EQ/917*) will be issued indicating that a complete English translation of the international application, including all claims, is required.

7. On July 24, 2008 Applicant filed a response to a Notification of Defective Response, which was mailed on July 17, 2008. The response included a certified English translation of the specification and claims.

8. On August 28, 2009 a Notice of Acceptance of Application under 35 U.S.C 371 AND 37 C.F.R. § 1.495 was mailed listing July 24, 2008 as the date of receipt of 35 U.S.C. 371(c)(1), (c)(2) and (c)(4) requirements and the date of completion of all 35 U.S.C. 371 requirements.

## APPLICANTS' POSITION

Applicants seek to correct the date of completion of the requirements of 35 U.S.C. § 371(c) from July 24, 2008 to July 18, 2007 – the date that all 35 U.S.C. § 371 requirement were complete as evidenced by postcard stamped July 18, 2007 (Appendix A) listing:

97 pages of Specification (English Translation)

14 pages of Claims (English Translation)

1 pages of Abstract (as appendix in Preliminary Amendment)

51 pages of Formal Drawings (Replacement Sheets)

As evidenced by the postcard (Appendix A), and the July 18, 2007 Date Stamped Cover Page of Response to Notification of Missing Requirements, an English translation of the claims were submitted on July 18, 2007 (Appendix B).

According to MPEP 1893.03(b) "The Filing Date of a U.S. National Stage Application [R-5] - 1800 Patent Cooperation Treaty,":

The "Application Filing Date" field formerly displayed in PAIR was changed to "Filing or 371(c) Date" to clearly indicate that for international applications that enter the national stage under 35 U.S.C. 371, the information displayed in this field is the date of receipt of the 35 U.S.C. 371(c)(1), (c)(2) and (c)(4) requirements. Applicants are quite often confused as to the true filing date and will ask for corrected filing receipts thinking that the information thereon is wrong. This explanation should offer some clarity. For most legal purposes, the filing date is the PCT international filing date. Exceptions to this general rule include the following:

A) Availability as a prior art reference under former 35 U.S.C. 102(c) (prior to the amendment by the American Inventors Protection Act of 1999 (AIPA) (Pub. L. 106-113, 113 Stat. 1501 (1999)). If a U.S. patent issued from an international application filed prior to November 29, 2000, the international application was not considered to have been filed in the United States for prior art purposes under 35 U.S.C. 102(e) and PCT Article 64(4)(a) until the date the application fulfilled the requirements of 35 U.S.C. 371(c) (1), (2), and (4).

(B) Availability as a prior art reference under 35 U.S.C. 102(e) as amended by the AIPA, and further amended by the Intellectual Property and High Technology Technical Amendments Act of 2002 (Pub. L. 107-273, 116 Stat. 1758 (2002)). If an international application was filed on or after November 29, 2000, but did not designate the U.S. or was not published in English under PCT Article 21(2), the international filing date is not treated as a U.S. filing date for prior art purposes under 35 U.S.C. 102(c). See MPEP § 706.02(a) and § 2136.03.

C) Patent term adjustment under 35 U.S.C. 154(b)(1)(B) and 37 CFR 1.702(b) when the USPTO has failed to issue a patent within three years of the "actual filing date" of an application. In this situation, the "actual filing date" is the date the national stage commenced under 35 U.S.C. 371(b) or (f). See MPEP § 2730.

The "Date of Completion of all 35 U.S.C. 371 Requirements" included on the NOTIFICATION OF ACCEPTANCE OF APPLICATION UNDER 35 U.S.C. 371 AND 37 CFR 1.495 (Form PCT/DO/EO/903) is relevant for purposes of patent term adjustment under 35 U.S.C. 154(b)(1)(A)(i)(II) and 37 CFR 1.702(a)(1) when the USPTO has failed to mail at least one of a notification under 35 U.S.C. 132 or a notice of allowance under 35 U.S.C. 151 not later than fourteen months after the date on which the requirements under 35 U.S.C. 371 were fulfilled. This date is the latest of:

- (A) the date of submission of the basic national fee;
- (B) the date of submission or communication of the copy of the international application;
- (C) the date of submission of the translation of the international application if the international application is not in the English language;
- (D) the date of submission of an oath or declaration of the inventor in compliance with 35 U.S.C. 371 (c)(4) (see 37 CFR 1.497(c) for an explanation of when an oath or declaration will be accepted as complying with 35 U.S.C. 371(c)(4));
- (E) the earlier of 30 months from the priority date or the date of request for early processing under 35 U.S.C. 371(f) if requested prior to 30 months from the priority date (Form PCT/DO/EO/903 will indicate the date early processing was requested);
- (F) if a request for early processing has not been requested prior to 30 months from the priority date, the date of submission of any translation of the annexes to the international preliminary examination report if the translation of the annexes are filed within the time period set in a Notification of Missing Requirements (Form PCT/DO/EO/905) requiring either an English translation of the international application or an oath or declaration; and

(G) the date of submission of any surcharge for submitting the oath or declaration later than 30 months from the priority date.

From the above facts, it is clear that the filing date of the present application is the PCT international filing date November 4, 2004 and that the date that all the requirements under 35 U.S.C. § 371 were fulfilled is July 18, 2007.

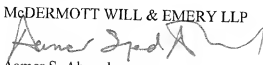

### REQUEST FOR RELIEF

Accordingly, it is respectfully requested that July 18, 2007 be listed as the date of receipt of 35 U.S.C. 371(c)(1), (c)(2) and (c)(4) requirements and the date of completion of all 35 U.S.C. 371 requirements.

Since this petition is pursuant to 37 C.F.R. § 1.181, no petition fee is required. To the extent necessary, a petition for an extension of time under 37 C.F.R. § 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 500417 and please credit any excess fees to such deposit account.
